

# J-TEK™ Relaxed Fit Jeans

JW11006

**Coming Fall 2016!** Add comfort to your day with J-TEK Relaxed Fit Jeans. Made of 100% Cotton Denim, this 12 oz jean is comfortable for everyday wear and tough enough for everyday performance. J-TEK performance provides articulation in crotch and waist, as well as relaxed fit around the thighs. Key design features include contrast double-needle stitching, natural whiskering, and a dark wash for clean modern style. As with all of our Justin FR products, these Jeans are dual-certified to NFPA 2112 and 70E, along with an ATPV rating of 17. Perform better with trusted high performance products from Justin FR.

## Features and Benefits:

- A** 12 oz, 100% cotton denim fabric stands up to tough abrasive work, and is weather-washed for comfort
- B** Two deep, jean-style front pockets; with inset coin pocket on the right for carrying essentials
- C** Contrast, double-needle stitching for reinforced durability and strength; natural whiskering for a clean, modern style
- D** Dark wash jean with regular rise for comfort
- E** Hidden crotch gusset for added mobility and unencumbered movement. Straight leg design with a bottom opening that fits comfortably over boot. Contoured construction of the waistband and back yoke lets you bend and crouch with ease while providing important backside coverage
- F** Wide waistband with anchored, wide belt loops to hold the most rugged accessory or belt
- G** Two large jean-style back pockets for storing essentials

**Fabric Construction:** 12 oz 100% cotton denim fabric
