

J-TEK™ Breathable Cotton Polo

JW22000

This classical style polo shirt is perfect for those that have to maintain a clean and professional appearance, in addition to being protected. Made of 100% Cotton fabric, J-TEK Cotton polo is breathable and absorbent with a no-roll collar for a comfortable, professional look all day. The raglan sleeves and gusseted sides let you work without restraining your reach and exposing your skin. These features along with the 9.6 ATPV fabric rating allows you to work comfortably and safely thought the day. Perform better with trusted high performance products from Justin FR.

Features and Benefits:

- A** Raglan sleeves and gusseted sides let you work without restraining reach and exposing skin
- B** No-rolling collar for an all day professional look
- C** No-bind, ribbed cuffs will help keep your sleeves in place while working
- D** Design allows for a clean, professional look when tucked or untucked
- E** Dual pen pocket on left sleeve only
- F** Justin FR embroidered logo in center of back yolk (not shown)
